Work experience

05.2019 – 07.2019
Prague, Czech Republic

Junior .Net developer
Deloitte
We developed an internal nonprofit web application for employees. I added an additional functional to the existing application (buttons, search strings, localization) and worked with database.

06.2018 – 08.2018
Odesa, Ukraine

Full Stack developer
Dobrobut
I designed a website for a small enterprise. This is Single page website written on .NET Framework.
It contains overview of enterprise basic information and Feedback form for contacting my Client.
I`m using HTML/CSS(Bootstrap library), Javascript for manipulating data & C# for handling Back-end.
